

## Descripción

Surface rehab mortar of thin layer for reinforced concrete structures. Grey colour.

## Aplication

Repairing of structures on thin layers, repairing and the regulation of concrete structures, low thickness repairs, edges repairs, reprofiling of joints edges, etc

## Surface preparation

The surface must be healthy, clean, firm, greases free, oils or substances which can make the adherence lower. The absorbents supports will be moistened before mortar application.

## Modes of application

Kneading with water until get a thixotropic consistence. The kneaded can be manual or mechanical, if it is mechanical it will be done with a electric mixer in low revolutions (300 to 500 rpm).

-Let rest 2 or 3 minutes before applying.

-Applying with a trowel on the support softly dampened on a thin layer until 3 mm máximo . -The layer can

be thicker if it is necessary.

-If another layer is necessary the first one must be skinned over.

-Once the apply is done and 72 hours after minimum it can be painted with several paints. In early ages is suitable use silicate paints like PINSIL D.

## Clean up

With a lot of water while the material is fresh.

## Data sheet

Water absorption 35%

Adherence > 1,5 N/mm<sup>2</sup> over concrete.

Mass of density 1,9 kg/lt

Powder density 0,85 kg/lt

Compressive resistance > 250 kg/cm<sup>2</sup>

Flexural strength resistance > 80 kg/cm<sup>2</sup>

Clase A1 (UNE in 13501-1)

Temperature of work from 5 to 30°C

Colour/s from 5 to 30°C

## Performance

1,8 Kg/sqm by each milimetre of thickness

## Storage

Two years in their original containers well closed and protected from the weathering.

## Security

📍 Avda. da Enerxía, nº 153, Pol. Ind. de Sabón

15143 Arteixo, A Coruña

## Indications of danger:

---

H315: H315:Causes skin irritation.

H317: H317:May cause an allergic skin reaction.

H318: H318:Causes serious eye damage.

H335: H335:May cause respiratory irritation.

## Prudence advice:

---

P261: P261:Avoid breathing dust.

P280: P280:Wear protective gloves/protective clothing/eye protection/face protection.

P302+P352: P302+P352:IF ON SKIN: Wash with plenty of soap and water.

P304+P340: P304+P340:IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P305+P351+P338: P305+P351+P338:IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P321: P321:Specific treatment (go to see a doctor with the Safety data sheet for this product).

P405: P405:Store locked up.

P501: P501:Dispose of contents/container in accordance with local/regional/national/international regulation

## Supplementary information:

---

EUH208: EUH208:Contains Cement, portland, chemicals. May produce an allergic reaction.
